# AWEA WINDPOWER 2017

The American Wind Energy Association is heading back to California for the biggest wind energy event in North America, WINDPOWER®. PES brings you the latest information on this unmissable event.

If you are invested in U.S. wind energy or looking to enter the market, AWEA WINDPOWER 2017 Conference & Exhibition is the place you need to be. It is where professionals from across the globe find top-tier speakers, world-class education, cutting edge technology, and premium networking. This complete conference experience cannot be found anywhere else.

## Attend

WINDPOWER is mainstream. WINDPOWER is big league, and AWEA WINDPOWER Conference & Exhibition is where new opportunities are waiting to be discovered.

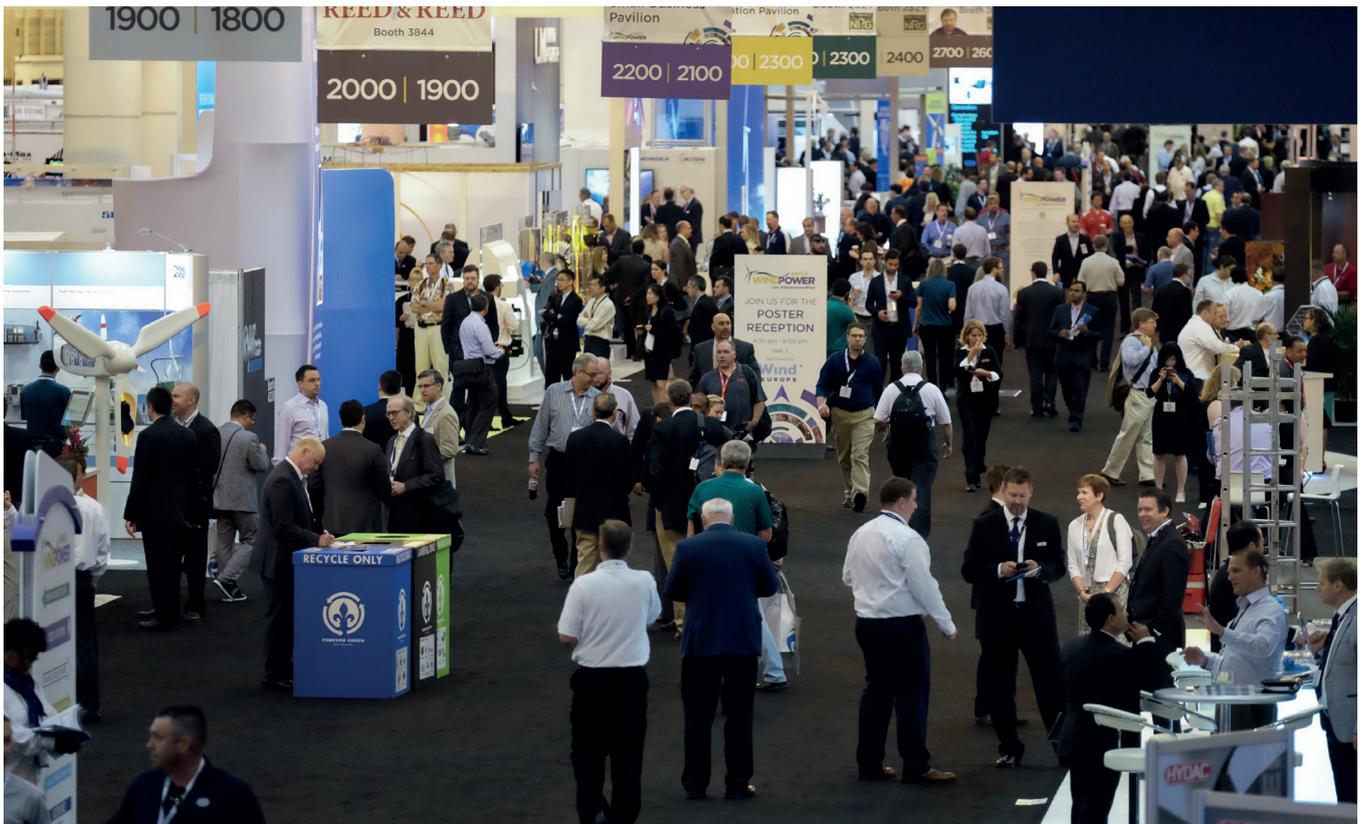

By meeting face-to-face with thousands of industry professionals, developing relationships with leading wind energy companies, exploring potential with new or

growing small businesses, and participating in forward-thinking sessions, you will find anything you need at the largest annual conference for the U.S. wind energy industry.

Join over 7,000 wind industry professionals May 22-25 in Anaheim, California at the largest annual wind energy conference in North America. Given the industry's growth in 2016, AWEA expects this year's event to be another significant opportunity for garnering relationships and developing business.

## Network

WINDPOWER brings a variety of networking events to help you foster positive business relationships in engaging environments.

Show floor at WINDPOWER 2016 in New Orleans, Louisiana, USA

Whether during a reception, on the golf course, or at a special luncheon, you'll have an opportunity to take full advantage of what WINDPOWER in Anaheim has to offer by joining premium networking events available to all attendees.

Expand your business by connecting with over 400 exhibiting companies and organizations. Take part in premier educational and informational sessions led

by over 100 expert speakers and panelists, including top CEOs and Presidents.

You'll meet new members of the industry; over 33% of attendees are WINDPOWER first-timers. Every registrant has access to all exhibitors and session panels, which are available in one location.

**Learn**

Regardless of your expertise in the wind

energy industry, it's essential to know what's on the horizon for the U.S. wind energy market, how to influence it, and how to ensure success across the industry. That's why the education program at WINDPOWER 2017 is vital to any serious professional in wind energy.

AWEA has planned sessions on forecasting for the U.S. wind energy market, transmission infrastructure, the future workforce, project financing, international market updates, offshore wind development, and much more.

Tailor your experience through five separate Education Stations, while engaging in face-to-face networking with industry decision-makers through a variety of special events designed to help you build those essential connections.

**Join us**

WINDPOWER is where business gets done and connections are made. Make this year the year you expand your business, network, and education.

More information on the exhibition, conference, Discover Anaheim fundraiser, and networking events is listed on [www.windpowerexpo.org](http://www.windpowerexpo.org).
