

## **Massimo Derchi appointed new Member of the Board of Directors of ROMO Wind Holding AG**

**Zug, June 12th 2017 - At the last meeting of the shareholders of ROMO Wind Holding AG, Massimo Derchi was elected as new member of the board.**

Massimo Derchi is currently strategic advisor of renewable energy and infrastructure companies. Prior to this position he was in charge of the renewable energy business of ERG Renew from 2011 to 2016. During his mandate, Erg Renew became the 1st wind power producer in Italy and one of the top 10 in Europe (onshore), present in Italy, France, Germany, Romania, Bulgaria, Poland and UK. He also increased the ERG Renew owned portfolio assets from about 300 to 1700 MW.

Jan Nikolaisen, Co-CEO of ROMO Wind:” Massimo Derchi is not only a great person with a high level of integrity, but he also brings valuable perspective and experience to us from a large and growing operator due to his previous position as CEO of Erg Renew.”

The new Board member Massimo Derchi adds: “iSpin gives wind power operators a deep understanding of the actual wind conditions of their assets and I am very pleased to support Jan and the Board in making a solid business case out of it”.

The Board of Directors of ROMO Wind consists of Christian Reitberger (Chairman), Massimo Derchi, Gaia Arnaboldi, Ivo Verdunskot, Berry Polmann, Claus Madsen, Jan Nikolaisen and Søren Moritsen.

**About ROMO Wind:** ROMO Wind AG is a Danish-Swiss technology company supported by renowned investors and shareholders such as Yellow & Blue and ABB. ROMO Wind specialises in optimising the productivity of wind turbines, reducing loads and accurately calculating on-site wind conditions. The company uses patented iSpin technology to this end. ROMO Wind has its headquarters in Zug, Switzerland and has regional teams in Denmark, France, Germany, Italy and Spain.
