

MEYER BURGER

**Press Release**  
**Thun, 15 May 2018**

**Meyer Burger awarded two contracts for its DS 261 wire saws for about CHF 17.5 million from existing customers in the semiconductor industry**

Meyer Burger Technology Ltd (SIX Swiss Exchange: MBTN) today announced the successful conclusion of repeat orders from two existing customers for its versatile DS 261 wire saw equipment for slicing and wafering applications in the semiconductor industry.

In response to the strong growing global demand for semi-wafers, the customers, global manufacturers in the semiconductor industry, are expanding their production capacity. The strategic selection of Meyer Burger's DS 261 cutting equipment is based on their excellent experience with Meyer Burger's technology from previous projects. It also underscores the customers' confidence in Meyer Burger's in-depth expertise in precision cutting technologies which enable the production of semiconductor wafers with outstanding surface qualities.

The total contractual value of both orders is about CHF 17.5 million. The orders comprise the installation, on-site training and service of the DS 261 wire saw equipment. Delivery of the equipment is scheduled to begin in the first half of 2019.

## About Meyer Burger Technology Ltd

[www.meyerburger.com](http://www.meyerburger.com)

Meyer Burger is a leading global technology company specialising on innovative systems and processes based on semiconductor technologies. The company's focus is on photovoltaics (solar industry) while its competencies and technologies also cover important areas of the semiconductor and the optoelectronic industries as well as other selected high-end markets based on semiconductor materials. Over the past ten years, Meyer Burger has risen to the forefront of the photovoltaic market and established itself as an international premium brand by offering superior precision products and innovative technologies.

Meyer Burger's offering in systems, production equipment and services along the photovoltaic value chain includes the manufacturing processes for wafers, solar cells, solar modules and solar systems. Meyer Burger provides substantial added value to its customers and clearly differentiates itself from its competitors by focusing on core technologies of the value chain.

The company's comprehensive product portfolio is complemented by a worldwide service network with spare parts, consumables, process know-how, customer support, after-sales services, training and other services. Meyer Burger is represented in Europe, Asia and North America in the respective key markets and has subsidiaries and own service centres in China, Germany, India, Japan, Korea, Malaysia, the Netherlands, Switzerland, Singapore, Taiwan and the USA. The company is also working intensively to develop new markets such as South America, Africa and the Arab region. The registered shares of Meyer Burger Technology Ltd are listed on the SIX Swiss Exchange (Ticker: MBTN).
